Divorce forces sale of this pair of awesome POLK AUDIO SDA-CRS+ COMPACT REFERANCE SYSTEM BOOKSHELF SPEAKERS. These are truly awesome sounding/performing speakers....but DON'T TAKE MY WORD FOR IT: Go to Audioreview.com, type "Polk Audio SDA-CRS+" into their search engine and READ ALL THE REVIEWS written ONLY BY OTHER OWNERS OF THESE REMARKABLE SPEAKERS! These are incredibly hard to find and VERY SOUGHT AFTER. Or do a Google search....you'll find that these are among the highest rated bookshelf speakers OF ALL TIME! Sadly, Polk has quit making these speakers because of the manufacturing costs involved (parts are however, still available direct from Polk Audio). I was driving these with an Onkyo TX-DS777 and was absolutely amazed at their accuracy, bass response, and the incredible volume levels they'd achieve WITHOUT DISTORTION! Paired with a proper home theater receiver (my Onkyo TX-DS777 is also for sale on eBay), these compact babies will blow your mind with their performance. No way would I even think about selling them if divorce

didn't dictate it! Equally rare is the fact that THE ORIGINAL POLK AUDIO INSTRUCTION MANUAL and ADDENDUM TO THE INSTRUCTION MANUAL are included. The only caveat is..... I had to cut the interconnect cable (these were wired thru the walls and I couldn't get the cable out without cutting it at each end). A new interconnect cable is available from Polk for \$35.00 or, since I saved the connectors that go to each speaker, it would be a very simple matter to splice the appropriate gauge speaker wire into the connectors. The "SDA Interconnect Technology" is unique to Polk's high end (SDA...."Stereo Dimensional Array") reference speakers (read more about it at Polk's web wite or Audioreview.com). Professor Polk believed that stereo home speakers should perform like high end headphones.....i.e., TRUE and easily discernible stereo separation.....thus, "SDA Technology" was born. These will be packed very carefully (insurance is required) and I accept PayPal, Cashiers Checks, or Money Orders. Please don't bid unless you're serious because I will use all of eBay's resources to pursue dead beat bidders. Also, I'd suggest using the "Buy It Now" option because if you don't, somebody else whose been looking hard for these ALMOST CERTAINLY WILL!
