## Description

*Item Specifics - Home Speakers*

Speaker Type: **Floor Standing**

Brand: **Polk**

Cabinet Color: **Wood - Light**

Wireless: --

Condition: **Used**

You are bidding on a pair of used Polk Audio loud speakers. They are one owner, purchased in the early 90s. They have been well cared for and driven efficiently with an ADCOM 5552 amp. Speakers show wear of age but no abuse. All oak tops are in very good condition and all fabric is perfectly intact. These speakers were SPEAKER OF THE YEAR for *Stereo Review* magazine throughout the early 90s.

From the Polk Audio Catalogue:

"The extraordinary, lifelike, three-dimensional imaging capabilities of the SRSs demonstrate the full performance potential for Polk's exclusive and patented TRUE STEREO SDA technology. Music and ambience seem to surround the listener in an almost 360 degree panorama of sonic splendor which is, in the words of High Fidelity Magazine, 'Mind boggling . . . Astounding . . . and Flabbergasting.' The almost unimaginably exciting clarity of the Signature allows you to hear every detail of the original musical performance; while the exceptionally smooth, natural, low distortion reproduction encourages you to totally indulge and immerse yourself in your favorite recordings for hours on end. Words alone can not express the experience of listening to these ultimate loudspeaker systems. You simply must hear them."

These are simply the best party speakers in the world.
