Amazing, I have been watching ebay for a long time and never see the big bad boys like these but there have been a few listed lately.

All the drivers in all of these are perfect but there are a few minor blemishes on the cabinets but no biggy.

Just close your eyes and go where no other speakers can take you.

I may try to get some better pictures but I would prefer the serious buyer to just come over.

Fort Lauderdale Florida.

I would prefer not to ship them but it may be possible.

I have there little brothers as well.

Plus a polk center channel and would consider a package deal.

It's Rare to see a set like this all together.

**Of course all has been tested and inspected by a
qualified tech like all of the super items listed by S.D.M.**

it's hard to get a good picture of Dark items like this with my cheap little camara, maybe I'll treat myself after this.

"East coast not to early please" for any questions. and to arrange inspection
