DESCRIPTION:

The RTA 11T is one of the finest conventional speakers that Polk Audio manufactured in the late 1980's. Its extremely high power handling ability (250 watts) and high efficiency (94db) provide remarkable dynamic range from both large and small amplifiers.

The RTA 11T utilizes the same technologically advanced fluid-coupled passive subwoofer design found in Polk's flagship models of that period. Dual 8" passive sub-bass radiators are coupled to two 6 1/2' mid/bass drivers, resulting in a fast powerful, deep and ultra accurate bass response.

Driver complements: One 1 inch Polk SL2000 silver coil dome tweeter; Two 6 1/2 inch Polk tri-laminate Polymer bass-midrange drivers w/rubber surrounds; Two 8 inch fluid-coupled passive subwoofers, one high-resonance, one low-resonance.

Frequency response: 18-26000 Hz
Recommender power: 10-250 watts
Nominal Impedance: 6 ohms
Size: 39H X 10 1/5W X 14 1/2 D
Weight: 58 lbs each

These speakers sound fantastic and look really great. There are some minor fine scratches on the cabinets and will be sold as is with no refunds.

This item is tested in good working condition. Money back guarantee or replacement on (Defective On Arrival) D.O.A.items. Customers must return items at there own cost .
