POLK AUDIO MONITOR SERIES 7 SPEAKERS: These speakers are in very good shape with only a couple very minor blem. The grills are in excellent condition with absolutely no runs, fuzzys, or holes. I am not the original owner but purchased them from my neighbor who was a couple of years ago. I am not sure of the specs. on these but here's what I can tell you. The grills snap on and off very easily for cleaning and there are 3 speakers mounted in the cabinets. 1 is about 3" X 5" rectangular with a small round dome in the center, 1 is about 6.5" round, and 1 is about 10" round going from top to bottom of the cabinets. The cabinets measure 24"H x 14"w x 10"d and weigh about 30 Lbs. each. They have a medium dark finish and are free from any significant blem. There were some small white scuff marks on one cabinet but they polished out with some furniture polish very easily. Other than the number plate shown in the pictures there is no other info on the cabinets. They sound very good and have no apparent problems that I can see or hear.
